

# Help protect your savings from life's unexpected moments

## Because medical insurance doesn't cover everything

Health care costs are on the rise. Even with medical insurance, you're often still responsible for both medical and non-medical expenses related to your recovery from a serious illness. The cost you pay for co-pays and deductibles, as well as other expenses such as child care, transportation to the doctor and loss of income when you are unable to work, could really set you back financially. Are you prepared to manage these expenses if you or a family member were diagnosed with a serious illness?

### Helps protect your savings

- Guardian® Critical Illness Insurance complements your medical plan — no matter what type of coverage you have
- The plan pays you cash benefits based on each eligible diagnosis such as a heart attack, stroke or cancer
- Pays a benefit for more than 40 covered illnesses, as well as offering a benefit for a reoccurring condition\*
- The cash benefits are paid directly to you, so you decide how to use them

### Here's how Guardian Critical Illness Insurance works\*\*

*Bob suffers a heart attack and receives a cash payment of \$10,000 from his Critical Illness plan. Four years later he has a stroke and receives an additional payment of \$10,000 from his plan. During both of these illnesses, his plan provided the financial support to cover a variety of expenses, such as mortgage and car payments, while he recovered..*

Condition	Formula	Benefit
Heart Attack	100% of covered benefit X \$10,000	\$10,000
Stroke	100% of covered benefit X \$10,000	\$10,000
